

Our Lady of Sorrows
After School Program 2009 - 2010

Children's Code of Conduct

1. Children must remain in the After School Program facility. Leaving without permission will result in termination from the program with no reimbursement of funds.
2. Children must respect the rights and property of others.
3. Children are to act courteously and appropriately, be cooperative and follow the instructions of the After School Program staff.
4. Appropriate and acceptable language is expected.
5. Parents have the right to expect that their child will have the proper supervision. The child who constantly needs the attention of the staff (for behavior correction) is taking away the rights of the others and not allowing the needs of all the children in the program to be met.
6. School and playground rules and policies of Our Lady of Sorrows School will be followed and enforced in the After School Program.
