

Welcome back! The **OLS School Store** opened for business on Thursday October 2, 2008. The purpose is to provide a resource for students who need school supplies. With all of our busy schedules, it can be difficult to get to the store for supplies. Let us do it for you!!!

On the bottom of this page you will find a list of items currently being offered. For students from Grades K through 5, fill out the order form at the bottom of the page or place an order on a piece of paper with the student's name and homeroom. Enclose both the money and the order in an envelope marked "School Store." The Student Council will fill the order within 2 days of your request.

Middle school students (Grades 6-8) will be offered a "shopping" opportunity during Thursday lunch periods.

We hope this service will help to keep your child prepared for all classes.

Have a great school year!
The Student Council
